 <p>Months and Seasons</p>	 <p>January, middle of winter Dust in the cold the coffee steam! Let make a snowball, sleds down a hill Winter - winter, see to it all!</p>	 <p>April, middle of spring All the rain and showers! Let fly a kite, and play with balloons Spring is, spring is, see the flowers!</p>	 <p>July, middle of summer Dust! Dust! Dust! It's always summer! Let go swimming, let us go to school! December, summer, see for the school!</p>	 <p>October, middle of autumn Let you see the leaves, they are so beautiful! Let us see the leaves fall, let us see the leaves Remember, remember, see for the school!</p>
 <p>Months of the year, all through the year, One gets behind another year! There are seasons, and it's all for Winter, spring, summer And ... Autumn of course!</p>	 <p>Seasons Turn by Theresa Heine</p>	 <p>Spring is the best, Lush green, Soft gentle heat, There never has been.</p>	 <p>Summer is best, The sun is so hot, Can you feel A hot day?</p>	 <p>Autumn is best, It's crisp and cool, Eaten the leaves and hang the trees.</p>
 <p>Winter is best, Snow and frost, Some feel The snow is best.</p>	 <p>Weather by Theresa Heine</p>	 <p>Weather comes and weather goes, Autumn is best and winter is best.</p>	 <p>September is best and summer is hot, September is best, summer is hot.</p>	 <p>Summer is best and spring is green, The brightest rainbow is in June.</p>
