

Starting and ending a story....
3 A4 Mats to help young children open and close their story.

Once upon a time 

One day

In a land far away

It was a dark, dark night

One bright sunny morning

Not long ago, in a shady forest

Every night

Once in a magical place

When the moon shone 

There was once

It happened on a stormy night ...

Not so very long ago

There was once

Just over the hill.... 

... and they all lived happily ever after. 

.... and that was the end of that!

.....but after that that stayed friends forever.

....and they wondered why it had ever happened.

They had learned their lesson and never..... again.

At long last it had ended and everyone was happy.

Had it really happened or was it a dream?

And we all know, tomorrow is another day!

Which was just as well!
