Oh my, what will the weather be?
 Oh my, what will the weather be?
 Oh my, what will the weather be?
 It will be rainy today.

Oh, What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 It will be rainy today.

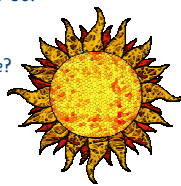

Oh my, what will the weather be?
 Oh my, what will the weather be?
 Oh my, what will the weather be?
 It will be cloudy today.

Oh, What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 It will be cloudy today.

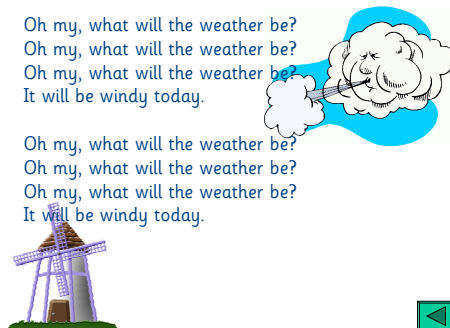

Oh my, what will the weather be?
 Oh my, what will the weather be?
 Oh my, what will the weather be?
 It will be sunny today.

Oh, What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 What will the weather be?
 It will be sunny today.

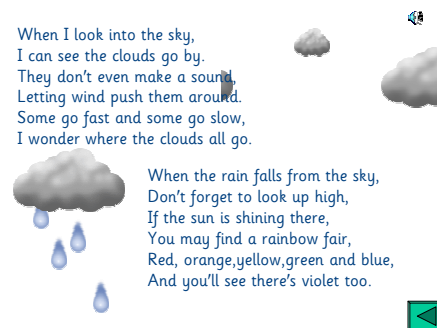

Oh my, what will the weather be?
 Oh my, what will the weather be?
 Oh my, what will the weather be?
 It will be windy today.

Oh my, what will the weather be?
 Oh my, what will the weather be?
 Oh my, what will the weather be?
 It will be windy today.

When I look into the sky,
 I can see the clouds go by.
 They don't even make a sound,
 Letting wind push them around.
 Some go fast and some go slow,
 I wonder where the clouds all go.

When the rain falls from the sky,
 Don't forget to look up high,
 If the sun is shining there,
 You may find a rainbow fair,
 Red, orange, yellow, green and blue,
 And you'll see there's violet too.

Thumbs in thumb place,
 Fingers all together!
 This is the song
 We sing in mitten weather.
 When it's cold,
 It doesn't matter
 Whether mittens are wool
 or made of leather.
 This is the song
 We sing in mitten weather-
 Thumbs in thumb place,
 Fingers all together!

(repeat)

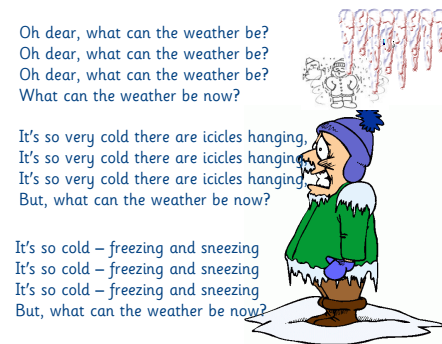

I'm a little rain cloud fat and round
 When it thunders I make this sound.
 Boom! Boom! Boom! Rolling around.
 Splash! The rain comes tumbling down.

Oh dear, what can the weather be?
 Oh dear, what can the weather be?
 Oh dear, what can the weather be?
 What can the weather be now?

It's so very cold there are icicles hanging,
 It's so very cold there are icicles hanging,
 It's so very cold there are icicles hanging,
 But, what can the weather be now?

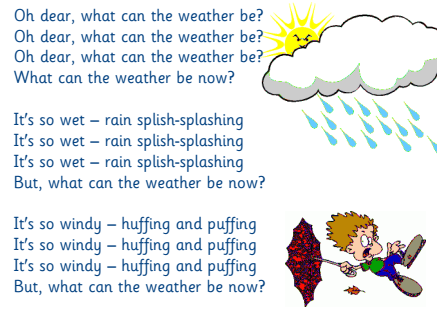

It's so cold – freezing and sneezing
 It's so cold – freezing and sneezing
 It's so cold – freezing and sneezing
 But, what can the weather be now?

Oh dear, what can the weather be?
 Oh dear, what can the weather be?
 Oh dear, what can the weather be?
 What can the weather be now?

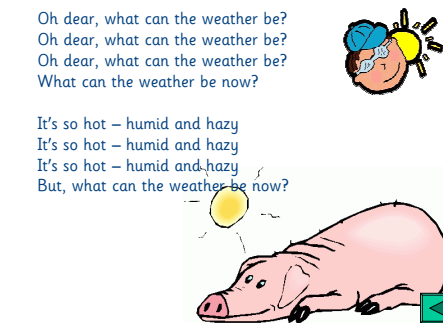

It's so wet – rain splish-splashing
 It's so wet – rain splish-splashing
 It's so wet – rain splish-splashing
 But, what can the weather be now?

It's so windy – huffing and puffing
 It's so windy – huffing and puffing
 It's so windy – huffing and puffing
 But, what can the weather be now?

Oh dear, what can the weather be?
 Oh dear, what can the weather be?
 Oh dear, what can the weather be?
 What can the weather be now?

It's so hot – humid and hazy
 It's so hot – humid and hazy
 It's so hot – humid and hazy
 But, what can the weather be now?

It is snowing, it is snowing,
 On the street, round our feet.
 See the snowflakes blowing.
 Look at the drifts growing.
 It's so cold, it's so cold.
 See the snowflakes blowing
 See the snowflakes blowing
 It's so cold, it's so cold.
 It's so cold, it's so cold!

It is raining, it is raining,
 All around, all around.
 See the drops of rain.
 On the windowpane.
 Rainy day, go away
 See the drops of rain.
 On the windowpane.
 Rainy day, go away.
 Rainy day,
 go away!

Rain drops falling
 Rain drops falling
 On the ground, on the ground
 Pitter patter raindrops,
 Splishy splashy raindrops
 Puddles round, puddles round.
 Pitter patter raindrops,
 Splishy splashy raindrops
 Puddles round, puddles round
 Puddles round, puddles round!

It is raining, it is raining
 On my head, on my head.
 Pitter Patter rain drops.
 Splishy splashy raindrops
 I'm all wet. I'm all wet
 Pitter Patter rain drops.
 Splishy splashy raindrops
 I'm all wet. I'm all wet
 Go away, Go away!

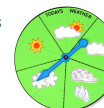

It is sunny, it is sunny,
 Clear and bright, a lovely sight.
 Feel the sun it's glowing.
 Look at flowers growing.
 Nice and warm, nice and warm
 Feel the sun it's glowing
 Feel the sun it's glowing
 Nice and warm, nice and warm
 Nice and warm,
 nice and warm!

What's the weather, what's the weather?
 What's the weather like today?
 Is it sunny? Is it cloudy? Is it raining out today?

What's the weather, what's the weather?
 What's the weather like today?
 Is it sunny? Is it cloudy? Is it raining out today?

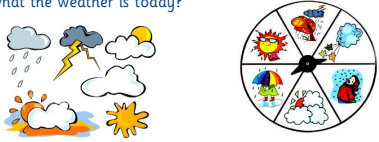

Come and show us, come and show us
 what the weather is today.
 Can you show us please (child's name)
 what the weather is today?

*Use a weather wheel or a chart for the children to show what the weather is.

What's the weather, what's the weather?
 What's the weather like today?
 Is it frosty? Is it misty? Is it foggy out today?

Come and show us, come and show us
 what the weather is today.
 Can you show us please (child's name)
 what the weather is today?

What's the weather, what's the weather?
 What's the weather like today?
 Is it snowy? Is it cold? Is it freezing out today?

I am freezing! I am freezing!
 I am absolutely cold,
 I am shivering and shaking
 like a pudding in a mould.

There are glaciers in my stomach,
 there is sleet inside my bones,
 I am colder than the contents
 of a million ice cream cones.

I am freezing! I am freezing!
 From my bottom to my top,
 all my teeth are clacking madly
 and I cannot make them stop.

Oh I cannot feel my fingers,
 and I cannot feel my toes,
 now my cheeks are frozen solid,
 and I think I've lost my nose.

I am freezing! I am freezing!
 Inside out and outside in,
 every bit of me is chilly,
 every single inch of skin.

I have icicles inside me
 and my lips are turning blue,
 and I'm sneezing as I'm freezing,
 for I've caught a cold . . .
 AHCHOOOOOOOOOO!

Under my hood I have a hat
 And under that
 My hair is flat.
 Under my coat
 My sweater's blue,
 My sweater's red,
 I'm wearing two.
 My muffler muffles to my chin
 And round my neck
 And then tucks in.
 My gloves were knitted
 By my aunts.
 I've mittens too
 And pants
 And pants
 And boots
 And shoes
 With socks inside.
 The boots are rubber, red and wide.
 And when I walk
 I must not fall
 Because I can't get up at all.
